## Profile

Driven BSc (Hons) in Biotechnology undergraduate seeking an R&D Intern position to apply proven research and analytical skills in the FMCG sector. Leveraging hands-on experience in laboratory data collection and a talent for translating complex findings into actionable insights, I aim to contribute effectively to Delmege's product development and documentation processes. Committed to utilising strong organisational and leadership abilities to support cross-functional teams and drive innovation.

---

## Education

- **Sri Lanka Institute of Information Technology**  
BSc (Hons) in Biotechnology (Year 1 Semester 1)
  - **Musaeus College**  
**Edexcel A Level:** English (B), Chemistry (C), Physics (C), Mathematics (D)  
**Edexcel IGCSE:** Biology, Physics, Chemistry, English (A\*); Mathematics (A)
- 

## Relevant Experience

- **Intern | Allergy, Immunology and Cell Biology Unit, University of Sri Jayewardenepura August 2025**
